WILL SEEK FUNDS FOR THE HOSPITAL

COMMITTEE PLANS DRIVE OVER COUNTY SEPT. 22-29

PICKS TOWNSHIP GROUPS

$100,000 Is Needed, But Sisters Wil Take Care of Half of That Themselves — Response Is Good

County-wide drive for funds for the proposed new addition to St. Francis hospital will be made during the week of September 22 to 29, when it is expected to raise $50,000 over the county. The new addition is to cost $100,000, but the Sisters will take care of $50,000 if the people over the county will subscribe the balance of this amount.

Any one who is familiar with the hospital knows how badly the new addition is needed. The hospital has been very crowded, and last fall during the influenza epidemic it was necessary to care for patients in the halls and by doubling up. The new addition will double the capacity of the hospital and will contain many improvements, such as better and larger operating rooms and sun porches, and will make the hospital as good as any that can be found anywhere. The new addition will be absolutely fireproof and modern in every respect.

The hospital is a county institution which has ministered to the sick and injured of this region. That it is a county institution is shown by the fact that 1,958 patients outside of Maryville and Polk Township have received treatment at the hospital from the townships of the county. This record compiled from the books at the hospital is for the past fourteen years and the following are the number of patients from the different townships outside of Polk:

White Cloud	73
Grant	84
Nodaway	271
Atchison	70
Jefefrson	351
Lincoln	75
Hughes	52
Hopkins	212
Independence	78
Union	170
Jackson	234
Monroe	227
Green	61
	1958

An organization has been perfected over the county. The general committee in charge of the drive has selected a township committee, and they in turn will appoint solicitors for each school district so that everyone may have an opportunity to subscribe to this worthy institution. The township committees have been visited by the members of the general committee and plans for the drive were discussed. The general committee is composed of W. F. Phares, chairman; C. W. Yehle, Nick Sturm, Fred Hull, R. P. Hosmer, Ed Costello, Aaron Felix, W. C. Pierce and James Todd.

The committee from each township follows:

Atchison—Lawrence Cummins, Howard Garrett, Howard Bancroft.

Grant—George Cole, Lowell Campbell, George Daniels.

Green—H. C. Bailey, Joe Carden.

Hopkins—C. E. Donlin, O. L. Mutti, W. L. Moorhead.

Hughes—Henry Moore, Thornton Acklin, John Neal.

Independence (North)—C. P. Dowis, Claude Cooper.

Independence (South)—Elias Klaas, Fred Breit, Charles Sisson.

Jackson—I. A. Goodson, Emmett Bishop.

Jefferson (Clyde)—Robert W. Graham, Richard Lager, Joe Enis.

Jefferson (Conception) — Roy Fitzsimmons, P. R. Growney, Pat Lyons.

Jefferson (South) — Rev. Father Placidus.

Lincoln—George Shoptaugh, Charles Lamar, E. K. Bailey.

Monroe—Aaron Linville, Harry Hoblitzell, C. E. Owens.

Nodaway — O. F. Wilson, W. W. Jones, Richard Tobin.

Union—W. A. Maxwell, Ed Herb[illegible] Richard Collins.

Washington—E. C. Starin, J. L[illegible] lard, John A. Martin.

White Cloud (North)—Harry Wamsley, E. E. Bolin, Ed Busby.

White Cloud (South)—Sam Armstrong, Wm. Snyder, W. D. Burns.

COLLEGE ENROLLMENT AT END OF FIRST WEEK TOTALS 192

Last Year at Same Time 149 Had Enrolled — Program for Current Term Has 73 Courses

The enrollment at the State Teachers College at the end of the first week of the current term shows that 192 students have paid their entrance fees. Last year 149 students had enrolled at the end of the first week. In view of the fact that there is a marked shortage of teachers in the public schools of northwest Missouri and elsewhere and that many of the students attending the college this term have been importuned and almost compelled to accept teaching positions this year the showing of the enrollment is very satisfactory. If additional enrollments of the term correspond to the additional enrollments of last year the enrollment for the fall term of 1919-20 should exceed 250.

Superintenednts are still writing to the college and some have even visited the institution this week, seeking to get students to go and take positions.

The program of the college for the current term includes 73 courses.

A new course which will be required for all candidates for certificates and diplomas, entitled Health Control, will be organized next week under the direction of Dr. J. F. Rogers, Director of the Department of Public Health. This course will recite at the period beginning at 1:20 p. m. Physical examination of all students will be taken up next week also. It is intended to keep a record of the health condition of every student of the institution and advice is to the best care and conservation of the health of the individual will be given as a means of producing a better health record of the student.

A BOY MADE $3.40 AN HOUR IN HIS WORK IN PIG CLUB

F. L. Wright, Organizer Here Yesterday, Tells of Hamilton, Mo., Organization — He Will Return

F. L. Wright of the extension service of the Missouri College of Agriculture, who was in Maryville yesterday in the interest of the boys' and girls' beef-calf and pig clubs to be organized, left last night for Sioux City, Iowa, where he will attend an interstate fair in which children's clubs from Missouri will compete, especially in home canning and stock judging.

In explaining the work to be attempted here with the assistance of the Farmers Trust Company, Mr. Wright told the Hamilton, Mo., pig club, whicsh last year had a membership of sixty-two. January 19, 1918, the members of this club were provided with sixty-two brood sows, a sow to each member, at a total cost of $2,856.46. On October 8, 1918, these sows had produced pigs to a value of $13,171.50. This was the selling price.

Each member keeps a record of his labor and the feed that he gives to the animal. The records are judged at the end of the year and prizes are awarded.

The state winner last year was Lowell Dudley, a member of the Hamilton club. He cleared $309.75. He made about $3.40 an hour for the work he put in.

Nodaway county has never had such a club, Mr. Wright says. He hopes to start two clubs here, one for Poland-China pigs and one for purebred Shorthorn calves. The calf club will be the first of purebred Shorthorns in the state he says. He will return here to assist the clubs further.

PLANS FOR LEGION UNDER WAY HERE

[illegible] WILL BE NAMED AFTER [illegible]AMES EDWARD GRAY

To[illegible] MEETING SOON

As Soon as Charter Is Obtained an Organization Will be Formed and Officers Elected

A post of the American Legion, to be known as the James Edward Gray Post, is about to be organized in Nodaway County. Application blanks for a charter membership of fifteen or twenty are being filled out. When these are sent in to the state organization and formally approved, a meeting will be called to perfect an organization.

The forming of a charter membership is merely a perliminary to starting a post, and no officers will be selected until a charter is obtained and a meeting can be called to include all the discharged service men in the county. There has been considerable talk for such an action, but up until very recently no action has been taken, largely because no one was willing to assume the responsibility. A few days ago a few men got together in Maryville and wrote to the state organization asking advice about organizing. The blanks were sent immediately, together with a copy of the legion's constitution and a set of resolutions as to the policy of the legion, adopted at the last national meeting in St. ouis.

When the first few names are filled out here, the list will go in to Harvey C. Clark, adjustant general of the Missouri National Guard, who will send them on to the headquarters in St. Louis.

Maryville is one of the few cities of its size in the state that has no post of the legion. As a national campaign for membership is to start next Monday, in an attempt to boost the legion membership form 400,000 to a million, the action is forming a post here is especially timely.

Each post must be named after some deceased soldier, sailor or marine. James Edward Gray, a son of Mr. and Mrs J. H. Gray of Maryville, was a corporal in the Eighty-ninth Division and was killed by shrapnel in an attack of his division in the course of the Argonne-Meuse battle nearly a year ao.

BAPTISTS WILL GO VISITING BY WARDS 4 DAYS NEXT WEEK

Automobiles Will Take Members of Congregation Each Afternoon — Two Cottage Prayer Meetings.

Memmebr sof the Maryville Baptist Church are going to do some strenuous visiting during the coming week. Not content with individual visits now and then, the pastor, Rev. W. C. Ferguson, has arranged for the members of his church to do their visiting by wards. Tuesday, Wednesday, Thursday and Friday of next week have been set aside as visitation days.

On Tuesday the members of the congregation living in the first, second and third wards of Maryville will visit those living in the fourth ward. On Wednesday those from the second, third and fourth wards wil lvisit those in the first ward. Similarly, on Thursday the members in the second ward will be at home to those from the other wards, and Friday will close the rounds when those of the third ward will be at home to the others.

The visits will be made in automobiles, the members visiting to meet at the church at 1:30 o'clock on the appointed afternoons. Those who are to be visited are expected to arrange matters so as not to be absent when the others come.

Two cottage prayer meetings will be held next Friday night. One will be at the home of David Ferris, 201 South Saunders street; the other, at the home of Mrs. Flora Quinn, 221 West Jenkins street.

PICKERING A WHEAT CENTER; 124 LOADS IN NINE HOURS

Elevator Handles 5,912 Bushels, or 354,720 Pounds, in One Day—Line of Wagons Jammed the Street

Pickering is becoming a wheat shipping center, as witness the following communication from Loren E. Smith, manager of the eelvator there. Incidentally, the Democrat-Forum is always glad to hear of similar records from Nodaway county towns:

"Last Friday the elevator at Pickering bought 124 loads of wheat in nine hours. The manager believes this to be a record in wheat buying. The 124 loads made a total of 5,912 bushels, or 354,720 pounds. At one time there were 52 wagons waiting to be unloaded. Main street was jammed full of wagons for over two blocks from the scales for several hours. This means that a load was weighed, tested, unloaded and the empty wagon weighed back every four and one-half minutes. Some wheat, eh?"

UNCLE JOE GRAVES' BURIAL TOMORROW

WELL KNOWN NEGRO FARMER WAS BORN A SLAVE

IN NODAWAY SINCE 1852

Came Here From Kentucky With Nichols Family — Freed, He Worked His Way to Comparative Wealth

It isn't every negro family that buys a steel vault and looks at $500 caskets when one of its members dies, but that is exactly what Mrs. Joe Graves and son Arza were doing in Maryville this noon. Uncle Joe Graves, one of the few negro farmers in the county and probably the county's best known negro, died at his home four miles east and a mile south of Skidmore, yesterday morning. He was a good farmer and a valued member of his community, and the white folks of his neighborhood are doing their share in the funeral arrangements.

Uncle Joe will be buried tomorrow afternoon in the Oak Hill cemetery, just north of Maryville. The funeral services will be held at the home at ducted by the Rev. L. P. Bryant, pastor of the African Methodist Episcopal Church of Maryville.

Uncle Joe, who was 73 years old last January 26, died of the effects of old age and cancer of the stomach. He was born a slave in Washington County Kentucy, in 1846. His parents had belonged to the Graves family, who number among their descendants Clyde Graves of Maryville; and it was with a daughter of the family, a Mrs. James Nichols, and her husband that Uncle Joe came to Nodaway County in 1852. The family settled on a farm between Maryville and Skidmore, and Uncle Joe spent all of his life in that vicinity, with the exception of a winter he spent in Kansas, during which he went to school.

Mrs. Graves, who was Sarah Frances Shaw, belonged to another branch of the Nichols family.

Uncle Joe farmed all of his life. When the end of the Civil war released him from slavery, he started working out for the farmers in the vicinity. Gradually he accumulated a little money and bought some land. He bought three or four times, and his holdings at the time of his death totaled 131 acres of Nodaway County's best land. His farm is said to compare favorably with any in that part of the country. He owned an automobile and considerable good stock, and whenever any noted members of his own race visited this part of the country, they always made it a point to visit Uncle Joe.

Claude Noland, who is employed in the Sayler hardware store at Pickering, received painful injuries to his back yesterday afternoon when he fell from a ladder. He was much improved this afternoon.

Don't Use City Water Without Boiling.

The water is now being pumped direct from the river without filteration, and will be so pumped for about 30 days or until further notice.

W. O. GARRETT, Mayor.

MISSOURI WOULD MARK ALL ROADS

NOTICE OF 1917 LAW RECEIVED IN NODAWAY COUNTY

$1 ALLOWED FOR SIGN

State Highway Department Warns That All Crossings Likely to Mislead Must Be Indicated

Nodaway county has a crossroads about ever ymile, and if a warning as to signboards just received in Maryville is enforced to the limit, the road districts will be compelled to dig up a dollar to mark every crossing in the county. This, in the opinion of Chas. F. McCaffrey, prosecuting attorney, would come pretty close to bankrupting some of the districts. Mr. McCaffrey's own interpretation of the law is that it applies to the state roads only, and there are only a few of these, leading from one county seat to another.

Governor Gardner started the trouble when he dug up a law passed by the 1917 legislature. He passed the word on to the state highway department, which has sent a letter to each prosecuting attorney.

The letter just received here says that complaint has been filed with the state highway department by Governor Gardner that many of the county highways are without appropriate signboards. The highway department calls the attention of the road overseers and the prosecuting attorneys of the counties of Missouri to Section 65, page 464, of the laws of 1917. This section, which was not changed by the Fiftieth General Assembly, is:

"Every overseer shall erect and maintain at every road fork and road crossing in his district that would likely mislead a finger board containing a legible inscription directing the wa yand noting the distance to the next important place on the road, for which he may be allowed not to exceed $1, to be paid out of the road fund of the district."

Section 76, page 467, penalty clause of House Bill 337 governing finger boards makes failure to comply with Section 65 a misdemeanor and fixes the fine at not less than $5 nor more than $500.

At the present high cost of living, it is estimated that the maximum of $1 would be charged for each board.

GOES TO SEE SOLDIER SON WHO IS STILL IN HOSPITAL

G. W. Jackson Believes His Boy, Wesley, Now at Fort Des Moines, Iowa, Was Hurt in Accident.

G. W. Jackson of East Jenkins street left this morning for Fort Des Moines, Iowa, where he was called by a letter from his son, Wesley Jackson, who is in a hospital at that place.

Wesley Jackson returned from France with a casual company, reaching Fort Des Moines September 8. He has been laid up in a hospital since July 6. No particulars have been received as to what the trouble is with young Jackson, but his letters indicate that he was seriously injured in an accident in France.

Jackson has been in the service for a long time. He went overseas as a member of the Eighty-eighth Division.

Returns From Canada.

A. Neil Somerville returned last night from a six weeks visit with relatives in Perce, Quebec, Canada, where his wife has been spending the summer. Mrs. Somerville will return to Maryville some time next month.

SOLDIERS ARE TREATED AT THE ST. FRANCIS HOSPICAL

Local Station Under Direction of Dr. K. C. Cummins Helps to Handle Those Injured in Battle

Some few weeks ago a story was printed which told of the selecting of Maryville and the St. Francis hospital as a United States Public Health Service Station, with Dr. K. C. Cummins as officer in charge.

Since that time several discharged soldiers ahve reported here for examination. Three have been taken to the hospital and given X-ray examinations.

According to the instructions given the officers of the Public Health Service by the government, the station established here and in all other places has a two-fold purpose. One is to "have a physical examination made of each discharged soldier, sailor or marine, army and navy nurse (male or female), patients of the War Risk Insurance Bureau, who has secured an honorable discharge on or before October 6, 1917, in order that he or she may receive the compensation to which he or she is entitled. The other purpose mentioned is that the Service may provide such medical treatment as is required. All this service as well as transportation and other traveling expenses is provided free.

The first hospital patient was H. C. Worl of Skidmore. An examination was made to see how his shrapnel wounds were coming on. He had several. This was two weeks ago.

S. M. Walters of Bethany was the second hospital patient. He underwent a microscopic examination for a gunshot wound and was discharged from the hospital a week ago last Monday.

Clyde B. Chadwick was here last Saturday and was taken to the hospital for an X-ray examination. He also was suffering from several shrapnel wounds, technically described as "mulgunshot" wounds.

Others who have reported to Dr. Cummins for examination but who have not been taken to the hospital for it are: Oba Turpin, Maryville; Ira B. Chapman, Ridgeway; Watkins A. Broyls Bethany; Fred D. Connor, Maitland, and George C. Hass, Grant City.

Those who have been ordered to report here but have not done so yet are: Everett Bird, Sheridan; Evra C. McMullin, Ravenwood; Carl Thornton, Graham; Fred L. Sells, Maryville; William H. Guess, Kellerton, Iowa; George H. Smith, Skidmore; Mark E. Kelly, Stanberry; Clyde G. Richards, Bolckow; John A. McCormick, Gardner, Mo.; Warren G. Vanscoy, Bedford, Iowa; John Gremer, Gentry; and George B. Tate, Maryville.

Mr. and Mrs. C. A. Peterman of Lawson, Mo., are the guests of Mr. and Mrs. M. L. Grable in Maryville. Mrs. Grable is a daughter of Mr. and Mrs. Peterman.

CITY WATER GOES ON AGAIN AT NOON

SMALLER PUMP CLEANED OUT—MAINS FULL SOON

MAY FIX THE LARGE ONE

Solon Clark Has Hopes—New Parts Are Being Rushed Here—Mayor Finds Many to Help

The city water was turned on at 12 o'clock today and was flowing through the mains in the eastern part of town shortly thereafter. It wil take three of four hours for the mains over the city to be filled with water—the farther away from the pump station the mains are, the longer it will take. The pressure will not be up to normal because the pump now on the job is smaller than the one which has been forcing water up town.

Mayor W. O. Garrett asks that the people of Maryville co-operate with him and conserve the water supply as much as they can. The pump now in use is an old one, being used continually for the past 32 years and too much cannot be expected of it.

Solon Clark thinks that the casting which was broken off the big pump yesterday can be welded on the pump again and is working at it today. If he succeeds it may be that the big pump can be installed again by tomorrow evening. In the meantime new parts have been ordered and will be rushed here with all possible speed. Everything that can be done is being done at the city pump station.

"Everyone has been considerate about the water situation," said Mayor Garrett today. "I have been on the job night and day for several days. Bert Hilsenbeck, chief engineer, has been most faithful in his work and deserves all kinds of credit. Last night Solon Clark and Charles Hellmers worked at the pump station. Every possible thing is being done to get water for Maryville."

The pump was started working at 10 o'clock last night, when a pipe had been installed directly from the river to the up-town pipe. No water came through at all. The pipe was then disconnected and the water forced through the filter. Only a small stream could be obtained.

It was realized that water must be got directly from the river, if at all, and the pipe which had been conected

NEW ATTENDANCE LAW IS EFFECTIVE, SAYS MR. COOPER

Sixty Warned Last Week, and They For Most Part Took the Hint —A Few Obstinate Ones

A new list of delinquent students will be issued to Ed Wallace, attendance officer, Monday morning. It is not expected that this list will be nearly as large as that of last week when sixty names were turned in.

The ruling concerning truancy is that three days' grace is given delinquent students. If by that time they do not appear at school, legal steps are taken to get them there.

County Superintendent Bert Cooper said today that the new law has proved very effective so far, for most of those notified last week appeared in person before the authorities to explain their absence. The obstinate and unruly ones will have to settle with Ed Wallace when he starts his rounds next Monday.

CITY WATER GOES ON

(Continued from page 1)

for that purpose but failed to work was taken off at 6 o'clock this morning for examination. It was found to be stopped up, and this morning it was being cleaned out under the direction of Mayor Garrett. It is thought that when this pipe is put on again water can be forced through it.

With only the one pump working, pumping directly from the river, the water pressure will not be up to normal, but the supply will be sufficient, the mayor thinks, for ordinary use. That is all that can be done for the present and Maryville will have to make the best of it.

The Randall Construction Company, the company that has the concrete and excavation work to do for the new city water improvements, began work today. Three carloads of crushed rock were being unloaded at the Burlington yards this morning and will be hauled to the water plant soon. This rock is to be used in construction work on the new reserevoir.

Land Deal Involves $90,000.

The 520-acre farm belonging to Samuel W. Combus & Son of Savannah was sold Friday to K. C. Lester of Taylor county, Iowa, consideration $90,000. This is a fine body of land located about twenty miles east of Savannah, well improved and in a high state of cultivation. Mr. Lester bought it for a home and will take possession on March 1. The sale was made by Nash & Woodard of Maryville.

Guilford Times.

The readers of the Times will all take notice that they have a chance to help in a worthy cause, by helping the St. Francis Hospital and also the county seat, as this is to a certain extent a public utility. See the committee assigned to your township.

Mr. and Mrs. J. B. Saunders and little daughter, Emma Jean, went to Barnard this afternoon to spend Sunday at the home of Mr. and Mrs. Lowell Campbell.

Visiting Relatives.

J. Q. Vance, platform manager of the Redpath-Vawter chautauqua system, has been visiting since Tuesday at the home of his sister, Mrs. Joseph Cornell, and family. Tomorrow noon Mr. and Mrs. Cornell and son, Roland, and Mr. Vance will be dinner guests at the home of Mr and Mrs. Ed Allbright of Skidmore, the latter being a sister of Mrs. Cornell and Mr. Vance. Mr. Vance will leave Monday to enter the University at Boston, Mass.

Palestine Revival Meetings.

Rev. S. D. Harlan, who is conducting a series of revival meetings at the Palestine church, six miles northeast of Graham, will preach both morning and evening tomorrow. Miss Wilma Mills of Skidmore is in charge of the music. On Monday night there will be a stereopticon lecture sermon on "The Way of Grief." The lecture is free and everyone is invited to attend. The meetings will continue through next week.

Robert Burris returned last night from a visit in Tulsa, Okla., and Macon, Mo.

John Murrin and son, John Owen Murrin, returned last night from a motor trip to Omaha and Lincoln, Neb. At the latter place they visited Mr. Murrin's daughter, Mrs. G. R. Cornelius, who has ust returned to her home after spending the summer in Maryville. John Owen Murrin will leave Oct. 1 for St. Louis to resume his course in medicine at St. Louis University.

Two Cars Collide

A car owned by Chas. Farr of Ravenwood, containing himself and daughter Georgia, ran into the Reo Speed wagon driven by Glenn Lincoln Thursday about two o'clock just a few feet this side of the Platte river bridge between Barnard and Guilford. Mr. Farr, it is reported was coming toward Barnard at a good rate of speed and on the wrong side of the road when he met the truck. The occupants of the car were badly bruised and it is thot sustained some broken bones.—Barnard Bulletin.

Sold Farm to Blackford & Holmes

Wm. Hall reports that he sold his farm west of Barnard Saturday to Blackford & Holmes of Maryville for $20,000. There are 115 acres in the farm and it is one of the fine farms of the community. Hall says he will probably buy another farm soon—Barnard Bulletin.

MARYVILLE BARBER PATENTS HIS NEW IDEA FOR SHEARS

Noah B. Thompson Receives Today Papers He Applied For Three Years Ago—Has Axis Off Center

Noah B. Thompson, a Maryville barber, this morning received his patent papers on a new kind of shears he has invented. The patent was allowed September 9, 1919, on an application he made in July, 1916. He worked out the idea in January, 1916, from an earlier plan he had made in 1909.

Mr. Thompson's idea is to have the pivot of the shears slightly off the middle line. A screw is set in one blade and has a smaller screw set into its center from the other side. This smaller screw has a tension washer, by which the pressure of the blades can be regulated.

Mr. Thompson's old idea was to have the blades working on a pivot set in a slot, so that they slid up and down on each other. This plan he discarded. By having the axis of rotation off the middle of the blades, Mr. Thompson finds that the material being cut is better drawn into the path of the blades.

It is not Mr. Thompson's intention to manufacture shears on his patent. He will keep it for his own use or until someone else desires the idea.

Teachers Here for Conference.

The first of the bi-monthly vitalized agricultural conferences is being held with County Superintendent Bert Cooper this afternoon in the county court room. Other similar conferences are being held over the county at Pickering, Harmony, and Parnell. Many of the county school teachers are in attendance.

Academy Photographer Here.

J. O. Coffin, oficial photographer for Wentworth Military Academy, Lexington, Mo., passed through Maryvill today enroute for Lexington. On th hood of his car he carried a large pair of antlers. Mr. Coffin is just winding up a ten months' tour through the west, having spent considerable time in Yellowstone National Park and a part of Montana. He has taken more than 200 photographs of various scenes. While traveling through the country Mr. Coffin has been visiting old academy students and securing new ones.

Dowden Gets Extradition Papers.

Sheriff John F. Dowden ,who went to Jefferson City yesterday to get extradition papers for the return to Nodaway county of L. E. Parker, held in Des Moines, Iowa, on a statutory charge, last night telephoned Prosecuting Attorney Charles F. McCaffrey that he had obtained the papers from Governor Gardner and would proceed at once to Des Moines to present the request to the governor of Iowa.

Marriage Licenses Today.

Robert Hicks ..... Breckenridge
Pearl L. Muir ..... Barnard

Albert A. Wray ..... Hopkins
Mary E. Leech ..... Pickering

Announce Birth of Son.

Mr. and Mrs. D. J. Thomas of Tarkio are rejoicing over the arrival of a baby boy on Saturday, September 6. Both Mr. and Mrs. Thomas are well known in Maryville, Mr. Thomas being a nephew of Dr. and Mrs. D. J. Thomas, and Mrs. Thomas, formerly Miss Kathleen Hurst, having frequently visited here with Mrs. Edward Wright Gray, who now resides in Santa Barbara, Calif.

Miss Robinson to College.

Miss Virginia Robinson will leave Monday for Fulton, Mo., to resume her course at William Woods College.

GOVERNOR HAS DIFFICULTY IN NAMING PRICE DICTATOR

Dean F. B. Mumford Is Forced to Decline—St. Joseph Man Placed on the State Board of Pharmacy

Jefferson City, Sept. 13. — W. C Bender of St. Joseph has been appointed by Governor Gardner a member of the State Board of Pharmacy for a term of four years. He succeeds Paul L. Hess of Kansas City whose term has expired.

Dean F. B. Mumford of Missouri College of Agriculture has notified the governor that his duties will not permit his acceptance of the appointment of State Fair Price Commissioner under United States Attorney General Palmer.

The governor is casting about for another man for the place and it is not unlikely that it will be tendered to Attorney General McAllister. The governor suggests the man for the place and the appointment is made by the federal authorities.

Ravenwood Gazette

Mose Vanhouten, who was accidentally shot with a 22 calibre target rifle on Oct. 4, 1912, had the bullet removed last Saturday, nearly seven years after the accident happened. It was removed by the same doctor who attended him after the shooting.

ALL SET FOR TOURNAMENT— THREE BIG GAMES TOMORROW

Maryville, Gentry, Stockyards and Agency to Play—Stanberry Sends Word That Team Can't Come

Tomorrow is the day of the big baseball feast that is to be given Maryville fans. Four teams have agreed to compete in the tournament for prizes of $300 in three games. Every team will be on the ground "loaded for bear."

The Stanberry team is the one disappointment. Manager Black has received word that Stanberry cannot be here. Agency, which played a very good game here recently, was immediately got on the wire and will take Stanberry's place in the tournament.

Gentry, which will be here, has secured a battery from St. Joseph. Two Walker brothers, known over this part of the state as real ball players, are coming with Gentry. H. Summa, the star of the Summa brothers, direct from a southern league, will wear a Gentry uniform.

The St. Joseph Stockyards will not fail to pick up a few of the many fast semi-pro players that can be found in St. Joseph and bring a team here for the tournament that will give the other nines a run for their money.

Maryville, playing on its home lot with a strongly reinforced line-up, will be in the race from the start to finish. Manager Black announced this morning that Churchill and Little, two ball players from Bedford, will don Comet uniforms tomorrow. "Red" Stephens will arrive here tonight from Kansas City and will play on the receiving end tomorrow. Poirer of St. Joseph has not sent word yet whether he will be here or not, but he is expected to send a favorable communication to Black this afternoon. Vanmeter will arrive in Maryville Sunday morning.

Manager Black said this morning: "Just tell the people of Maryville that the home team will be one of the strongest that has apeared on a local diamond in years."

Ed Keck wil umpire the three contests tomorrow. When it comes to umpiring Keck "has the goods," which means snappy ball all the way through.

The first game begins at 11 o'clock in the2 morning; the second at 1 o'clock; and the third, immediately following the second.

No Telegraph News Today.

Owing to complications in the local wires and in the wires between Omaha and Maryville, none of the dispatches of the International News Service came through to the Democrat-Forum before press time today.

No More Speech Against League.

A party composed of W. F. Phares, H. F. Leet, H. L. Raines and Frank Reuillard went to Kansas City today to hear Senator Hiram Johnson speak against the League of Nations at Convention Hall at that city tonight.

Vaccinate your cattle against pink eye. Dr. R. L. Wohlford, veterinarian, has the vaccine. It gives good results. 10-13

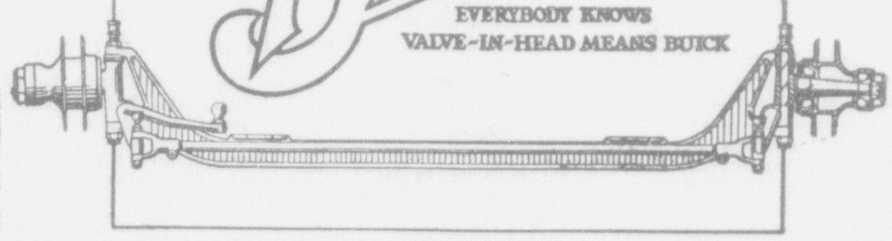
Buick

EVERYBODY KNOWS VALVE-IN-HEAD MEANS BUICK



The Buick-built Front Axle

Drop forged in a single piece from bar steel of special formula, it is strong enough to bear the weight of a truck, and pyrometer controlled heat treatment gives it a steel structure of remarkable toughness and uniformity.

This axle is designed by Buick engineers, forged and built complete in the Buick factory, directly under the supervision of the men whose reputations depend upon its serviceability. From its I-beam section to its drop forged steering connections, every detail is worked out to perfection. The Buick front axle is typical of the perfectly controlled quality that gives Buick cars their unusual capacity for service.

ANTUMN.

Yellow, mellow, ripened days,
Sheltered in golden coating;
O'er the dreaming listless haze,
White and dainty, cloudless floating;
Winging in the blushing trees,
And the sombre fallow;
Smiling at the airy ease
Of the fsouthward lying swallow.
Sweet and smiling are the days,
Beauteous, golden, autumn days.

—Will Careton.

Ogden Dinner Guests.

Mr. and Mrs. Eugene Ogden will have as their dinner guests tomorrow noon Mr. and Mrs. Sam Weir and Misses Inez, Helen and Jessie Hardenbrook, all of Bedford, Ia.

Mrs. Overmier Hostess.

A joint meeting of the Ladies Aid Society and the Homemakers of the South Methodist church was held yesterday afternoon at the home of Mrs. Blanche Overmier on East Fourth street. Mrs. Joseph Cornell, a new member, was received into the Homemakers Circle. The business meeting was followed by the serving of refreshments and a social hour.

Burris Dinner Guests.

Mr. and Mrs. W. A. Burris entertained at 6 o'clock dinner last evening for Mrs. Robert Mills of Memphis, Tenn., who is visiting her parents, Mr. and Mrs. B. B. Gex, Sr., living near Graham. Plates were laid for Mrs. Mills, Mr. and Mrs. Gex, Miss Bess Kemper, Misses Helen and Virginia Burris, Robert and Joe Burris and the host and hostess.

Baptist Woman's Auxiliary.

The Woman's Auxiliary of the Baptist Church met in its regular monthly session yesterday at the church. The meeting was an all-day one and during the morning the members worked on quilts. Lunch was served at noon and at the afternoon session, beginning at 2:30 o'clock, reports from the four circles of the auxiliary and the standing committees were given. The program consisted of talks by members who were in attendance at the meeting of the Northwest Missouri Baptist Association at Bethel Church, near Elmo.

Mosier-Robbins.

Miss Eva Mosier and Delavan Robbins, both of Skidmore, were maried in St. Joseph Thursday, and returned to Skidmore today where they will make their future home The bridegroom is the son of Mr. and Mrs. Chas. W Robbins of Skidmore.

Westminster Guild Picnic.

The first meeting of the year of the Westminster Guild was a picnic supper at the home of Miss May Anthony last evening. The members and guests in attendance were Miss Margaret Lee Winston, Misses Mabel and Helen Todd, Miss Leone Willard, Mrs. Cora Hrullinger, Mrs. Emery Airy, Miss Mabel Wells, Miss Nell Hudson, Mrs. W. W. Turner and her mother, Mrs. Anson Thompson of Petersburg, Ill., Miss Nenz Bingaman and her aunt, Mrs. Ella McPhaill of Visalia, Calif., Miss Neva Sage, Miss Juno Jones, Mrs. Roy Curfman, Misses Hettie and May Anthony, Mrs. C. A. Anthony, Dessa Gault, Mrs. C. A. Jensen, Mrs. Joseph Jackson, Mrs. G. H. Colbert, Miss Helen Zenor, Miss Halcyon Hooker, Miss Jennie Evans, Miss Nora Ritze, Miss Ora Eckles, Miss Ruth Gingrey, Mrs. D. E. Hotchkin, Miss Mary Watson, Miss Orilla Ewers, Mildred Hotchkin and Mary Jane Turner.

Robinson Family Dinner.

Mr T. L. Robinson will be the hostess at a family dinner tomorrow noon at her home on West 3rd street. Plates will be laid for Mr. and Mrs. J. B. Robinson, Theodore, James, Jr., and Chilton Robinson, Mr. and Mrs. Fred Robinson, Miss Virginia Robinson, Dr. and Mrs. Charles T. Bell and little son, Charles Robinson, Miss Margaret Ray, Clarence and Lucy Lloyd, and the hostess.

Robinson Dinner Guests.

Mr. and Mrs. Fred Robinson and daughter, Miss Virginia Robinson, will entertain at 7 o'clock dinner tonight when their guests will include Mr. and Mrs. Dale Bellows and little daughter, Emma Ruth, Miss Mildred Bellows, Miss Margaret Ray, Charles Bellows, Jr and Chilton Robinson.

Misses Viola Jones and Dale Skinner will spend Sunday in Skidmore with relatives and friends.

Barand Bulletin.

Frank Conlin bought the George Cole farm of 200 acres that he recently purchased from Wayne Davidson, Monday, consideration being $175 an acre. He gave in on the deal his farm west of town consisting of 80 acres at $125 an acre. Possession will be given March 1.

Grant township is running its new Wallace tractor and grader this week, having begun Tuesday. The road west of town was graded a distance of one and one-fourth miles the first day. According to those who saw the work, the outfit is a good one and will do the work. Glen Snyder has been employed to run the tractor and Jim Lucas wil loperate the grader.

Ed Wolf left Wednesday for Douglas, Wyoming, where he has a claim. Ed says he is going to build a shack there and he will be able to prove up on his claim next year.

Walter Fraser and Earl McCleave are putting in about 360 acres of wheat this year on the Craig farm, Ogier place, Jones and Jackson farms. They are doing the work with tractors.

Ollie Breit wil complete the plowing of 115 acres of ground for wheat this week on the Leland Denning farm on the Maryville-Savannah road and wil sow the wheat as soon as posible.

DIRECTOR PUTS SOME HUMOR IN "DADDY LONG LEGS" FILM

Shows a Prune Strike and How It Is Broken—Mary Pickford Plays Part of Judy Abbott

Humor, with tears that tread upon smiles, is the keynote of "Daddy Long Legs," screen version of the famous story of Jean Webster, in which Mary Pickford will be seen at the Electric theatre, Sept. 16 and 17. In this, the first of the productions to be made by her very own company, Miss Pickford, as "Judy Abbott," easily has the best role of her career. As a poor orphan child, ever helping those about her and making the most of cruel treatment, she finally rises to wonderful heights.

The picture was directed by Marshall Neilan, one of the new wonders of the screen world. Mr. Neilan is foremost in the new generation of producers and a very young man, but already he ahs won the name of "The Mark Twain of the Screen," so human and humorous are his touches. The early part of "Daddy Long Legs" is especially full of laugh-winning situations of many sorts.

How the pathetic little ones "carry on" when the hypocritical matron is trying to make them "show off" for the trustees of the institution how they go on strike against prunes; and how Judy Abbott (the sunshiny little orphan played by Miss Pickford) aided by a freckle-faced little boy, play tricks upon the matron's daughter, are only a few of the humorous episodes in which the picture abounds.

As well as being a picture which will tug at the heart strings of every parent, "Daddy Long Legs" will make the children and the childless elders laugh, for there are dozens of sweet and funny little children in it, who play the parts of orphans in the great home where the early part of the action is laid.

Miss Myrtle Rasnic was operated on some six months or more ago. The she recovers from the operation of Wednesday for an abscess in her side, operation was not successful and an- Wednesday. It is thought that a sec- resulting from an attack of pneumonia other one wil lbe made as soon as ond operation will prove successful.

Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of you own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollors.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thrity-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good conntry to make money in or not.

For further information write us at Carpenter, Wyo.

Boys and Girls Calf and Pig Clubs

A Shorthorn Beef Calf Club and a Poland-China Pig Club will be organized at once by the Farmers Trust Company in co-operation with the College of Agriculture of the University of Missouri.

The Calf Club will cover a period of three years and include the feeding and growing of a heifer calf into a mature cow.

The Pig Club will be started with Poland-China gilts and will cover the year's work of feeding and keeping records of the young pigs.

In addition to the money made in raising the calves and pigs, prizes will be offered on market day for the best work in both clubs.

The Farmers Trust Company will loan the money for purchasing the animals at 6% interest, and each boy or girl member of either club may borrow the money in order to get financial training in connection with live stock raising. The work will be under the supervision of the College of Agriculture and will be a complete course in the care and feeding of these animals.

We want the boys and girls who desire to belong to either club to come to the bank and let us explain the plan fully to them and take their application for membership.

Cooking by Clockwork

may not seem practical—although you will find it one of the most practical things about the electric range when you own one—but there are a lot of other mighty practical things about cooking with electricity, and one of the best of them is the quality of the cooking.

The ovens are air tight and meats are cooked with all the originial flavor and less loss of the juices. Delicious bread and pastry can be baked because the oven can be set at just the right heat—no more or no less.

To cook on top of the range it is only necessary to turn on the current and the burners are hot—it is never necessary to use a particle of fuel except just when cooking.

It is clean, safe, convenient and economical.

St. Joseph Wins the Pennant.

St. Joseph won the Western League pennant for 1919 by defeating Wichita in the first game of the series, 4 to 3, at Wichita yesterday. The game was a thrilling battle between Musser and Hoffman. Musser relieved Gregory in the first inning with two on bases and three runs in. Although he worked a full game the day before, he pitched wonderful ball for nine innings, fanning fifteen men. Two doubles in the tenth by Walker and Dolan won the game. Hoffman also pitched a strong game and errors back of him allowed Witchita most of their runs. A great throw by Jackson, who threw Musser out at the plat after Washburn had singled in the eighth saved the game for St. Joseph.
